

## **AUGUST 12, 2022 – Welcome Pravesh Mistry to the Mindful Littles Board**

We're honored to welcome Pravesh Mistry, Chief Revenue Office for Truework, to our Board of Directors. When we first met Pravesh and his family at one of our Service Experiences we knew he'd be a wonderful addition to the Mindful Littles family. Pravesh brings extensive financial experience to Mindful Littles along with a compassionate heart, collaborative spirit and desire to help build a strong foundation for the nonprofit.

"I believe that making a long term meaningful impact starts with the littles of today," says Pravesh. "Being able to set littles on the right path early will have an exponential impact for our future."

Pravesh currently serves as the CRO for Truework, a fintech firm that helps verify financial data for consumer-centric lenders. When he's not co-creating with his work team, Pravesh loves to hike, play. golf and spend time with his family.
